Decker Leads Overnight Placements in Medikaloka Hermina (HEAL IJ) and Jaymart PCT (JMART TB)

San Francisco, CA, June 24, 2021 – Institutional equities broker Decker & Co. led overnight placements this month in PT Medikaloka Hermina (HEAL IJ), Indonesia’s largest hospital group, and Jaymart PCT (JMART TB), which operates one of Thailand’s leading consumer finance companies. Each transaction totaled approximately 25 million USD and attracted global investment funds.

“Both these firms are strong examples of the high-quality names currently attracting attention from emerging-markets portfolio managers,” said Mark Decker, founder and CEO of Decker & Co.

Each company has a market cap of approximately 1 billion USD, which has proven to be a size attractive to global funds seeking investment opportunities in companies with demonstrated success plus high-growth potential.

“Asian corporates continue to recognize value in having global investment firms in their shareholder base. We anticipate seeing more overnight deals in the coming months,” said Decker.
